

HELICOPTER HOIST AREA INSPECTION

CERTIFICATE

SWT 6.0-154

OWF Veja Mate

The helicopter hoist areas on stated wind turbine generators and located in mentioned offshore wind farm have been inspected according to legal national regulations (Gemeinsame Grundsätze des Bundes und der Länder über Windenbetriebsflächen auf Windenergieanlagen & BSH Standard Konstruktive Ausführung von Offshore-Windenergieanlagen) and, where applicable, to other national standards for offshore helidecks (CAP 437). The hoist areas have been found suitable for helicopter hoist operations subject to below stated limitations, non-compliances and authorization by the approving authority.
