

HELIDECK INSPECTION

CERTIFICATE

SEAFOX2

IMO 8222903

The above-mentioned helideck has been inspected according to legal national and international requirements (ICAO Annex 14 Vol. II and ICAO Heliport Manual, EASA 965/2012) and, where applicable, to other national standards for offshore helidecks (CAP 437).

The helideck has been found suitable for helicopter operations subject to below stated limitations, non-compliances and authorization by the helicopter operator. For more details see respective *Helideck Information Chart*.
